

Jackson County School Nutrition Seamless Summer Program

Each summer 18 million students are at risk of going hungry when the school year ends and school lunches are no longer available. For many children, school meals are the only complete and nutritious meals they eat, and in the summer they go without. This summer, the need will likely increase. The Seamless Summer Food Program (SSFP) can help to fill the summer meal gap for children. SSFP is a federally funded program that provides free meals to children ages 18 and under during the summer, when National School Lunch and School Breakfast Program meals are not available. School-based, faith-based, community, and private non-profit organizations can make a difference in the lives of hungry children by serving meals with SSFP administered by Jackson County School Nutrition Program. Churches, recreation centers, playgrounds, parks and camps can serve meals in neighborhoods within the attendance zones of Commerce High School, East Jackson Comprehensive High School, and North Jackson Elementary School. The program allows students 18 and under to receive an on-site meal at no cost. A student can receive one breakfast and one lunch meal daily. The program will be housed out of East Jackson Comprehensive High School beginning May 30 and ending July 28. Breakfast and lunch will be served daily with the exception of July 3 and July 4. East Jackson Comprehensive High School and Commerce Boys and Girls Club will serve as open sites providing breakfast and lunch for all students. Buses will be used to transport lunch meals only. All mobile route stops are open sites and will provide a meal to any child.

Seamless Summer Feeding 2017 – Mobile Routes

Bus 1
